Dear Howard:-

Your letter of the 27th just received and like you I am a bit disappointed at the run of sizes on the shoes sent on thro Mrs Manly -- and I know that if you have trouble getting rid of them -- all you will have to do is to return them to her so that she can ship them back to the place she so kindly picked them up. But of course I want you to instruct her to bill you for all costs that come from the deal.

So you can get in touch with Mrs Manley at the most convenient time for you.

I will not be back in those parts for a month or so now as after a week or ten days up this way will go to Ohio for a couple of weeks -- dont know my schedule as yet but mail to Columbus address will reach me OK.
